

Contents

1 Shell Generalities	13
1.1 Shells and Shell Scripts	14
1.2 Shell Types	14
1.3 The Bourne-Again Shell	16
1.3.1 The Essentials	16
1.3.2 Login Shells and Interactive Shells	18
1.3.3 Non-Interactive Shell	19
1.3.4 Permanent Configuration Changes	20
1.3.5 Keyboard Maps and Abbreviations.	21
2 Shell Scripts	23
2.1 Introduction	24
2.2 Invoking Shell Scripts	24
2.3 Shell Script Structure	26
2.4 Planning Shell Scripts	27
2.5 Error Types	29
2.6 Error Diagnosis.	29
3 The Shell as a Programming Language	33
3.1 Variables	34
3.2 Arithmetic Expressions.	40
3.3 Command Execution	41
3.4 Control Structures.	42
3.4.1 Overview	42
3.4.2 A Program's Return Value as a Control Parameter.	42
3.4.3 Conditionals and Multi-Way Branches	44
3.4.4 Loops	49
3.4.5 Loop Interruption	51
3.5 Shell Functions	54
4 Practical Shell Scripts	57
4.1 Shell Programming in Practice.	58
4.2 Around the User Database	58
4.3 File Operations	63
4.4 Log Files	65
4.5 System Administration.	71
5 Interactive Shell Scripts	75
5.1 Introduction	76
5.2 The read Command	76
5.3 Menus with select	78

5.4	“Graphical” Interfaces Using dialog	82
6	The sed Stream Editor	91
6.1	Introduction	92
6.2	Addressing	92
6.3	sed Commands	94
6.3.1	Printing and Deleting Lines.	94
6.3.2	Inserting and Changing	95
6.3.3	Character Transformations	96
6.3.4	Searching and Replacing	96
6.4	sed in Practice	97
7	The awk Programming Language	103
7.1	What is awk?	104
7.2	awk Programs.	104
7.3	Expressions and Variables	106
7.4	awk in Practice	111
8	SQL	119
8.1	Foundations of SQL	120
8.1.1	Summary	120
8.1.2	Applications of SQL.	122
8.2	Defining Tables.	124
8.3	Data Manipulation and Queries	125
8.4	Relations	130
8.5	Practical Examples	133
9	Time-controlled Actions—cron and at	139
9.1	Introduction	140
9.2	One-Time Execution of Commands	140
9.2.1	at and batch	140
9.2.2	at Utilities	142
9.2.3	Access Control.	143
9.3	Repeated Execution of Commands	143
9.3.1	User Task Lists.	143
9.3.2	System-Wide Task Lists	145
9.3.3	Access Control.	145
9.3.4	The crontab Command.	146
10	Localisation and Internationalisation	149
10.1	Summary	150
10.2	Character Encodings.	150
10.3	Linux Language Settings	155
10.4	Localisation Settings.	156
10.5	Time Zones	160
11	The X Window System	167
11.1	Structure of the X Window System	168
11.2	X Window System configuration	170
11.3	Invoking the Graphical User Interface.	171
11.4	KDE—The K Desktop Environment.	171
11.5	GNOME	173

12 Linux Accessibility	175
12.1 Introduction	176
12.2 Keyboard, Mouse, and Joystick	176
12.3 Screen Display	177
A Sample Solutions	179
B Regular Expressions	195
B.1 Overview	195
B.2 Extras	196
C LPIC-1 Certification	199
C.1 Overview	199
C.2 Exam LPI-102	200
C.3 LPI Objectives In This Manual	201
D Command Index	205
Index	207
